# About PDAC

The Prospectors & Developers Association of Canada (PDAC) is the leading voice of the mineral exploration and development community. With over 7,500 members around the world, PDAC's work centres on supporting a competitive, responsible mineral sector. PDAC is known worldwide for its annual PDAC Convention—the premier international event for the industry—that has attracted over 25,000 people from 135 countries in recent years. Please visit [www.pdac.ca](http://www.pdac.ca).

## WEAR YOUR PASS AT ALL TIMES!

You will not be permitted past Level 600 security without a pass. All pass categories may also attend non-ticketed Presentation & Reception Rooms.

Admission to The Network is ONLY with an All Access Pass, Exhibits Pass, or Exhibitor Staff Pass.

Admission to the Grand Finale is ONLY with a convention pass. Admission to the Short Courses, Mineral Outlook Luncheon and Awards Gala & After Party is by ticket only.

By entering the event premises, you consent to photography and its release, publication or reproduction to be used for news, promotional purposes, advertising, inclusion on websites, social media, or any other purpose by PDAC and its partners. Please speak with the photographers and filmmakers directly if you do not wish to be photographed or filmed. Photography is supplied by envisiondigitalphoto.com

Your pass will be scanned during the convention and contact details will be collected for PDAC marketing purposes.

## All Access Pass Bag

Sponsored by

# Teck

 AngloAmerican

### Inside you'll find a:

- Convention Program
- Notebook
- Pen

All Access Pass holders may recycle their bags at the end of the convention. Donated bags will be given to ArtsJunktion, Toronto District School Board.

## Mobile Planner

Sponsored by

# BHP

 Visit our mobile friendly website at [www.pdac.ca/convention](http://www.pdac.ca/convention)

As part of our continued commitment to sustainability, we will be reducing the number of pages in our onsite convention program. As such, we will be including less information in the program going forward and specifically will no longer feature speakers' names. You can still find this information and more on the website.

Visit [www.pdac.ca/convention](http://www.pdac.ca/convention) on your mobile device for up-to-date information. Works like an app. Planning your customized schedule for PDAC 2020 is just a click away:

- Use the improved Schedule at a Glance to search speakers' names, add events and presentations to your calendar
- Locate and save exhibitors
- View floorplans

Do not have a cellphone onsite? No problem! Look for special digital kiosks where you can search our website at any time.

### Wi-Fi Password: pdac2020

Enjoy FREE Wi-Fi throughout the MTCC.

Note, there is limited access in exhibit halls.

## HEALTH AND SAFETY

In the case of a fire alarm, the MTCC operates a two-phase alarm system:

### Stage 1: Slow beeping sound, alert signal

- Remain calm
- If the alarm is beeping slowly, this is a warning
- Do not evacuate the building at this stage
- Await instructions to be announced over the intercom (this will take approximately one minute) or speak to Security Staff

### Stage 2: Fast beeping sound, evacuate signal

- Only evacuate the building if instructed to do so over the intercom or by Security Staff
- Leave the building via the closest emergency stairwell
- Fire exits are highlighted in yellow on the floor plans that can be found on pages 8 to 10
- Do not use elevators or escalators
- If you encounter smoke in the stairway, use an alternate exit
- Once outside, stay clear of the building to permit emergency access
- Do not attempt to remove vehicles from parking garages or loading docks
- Do not return until declared safe by the Fire Official

### Medical Emergency

In the event of a medical emergency:

- Dial 8160 on any MTCC house phone
- MTCC Security will respond and assess the situation
- If required, the MTCC Nurse will be called to the scene by MTCC Security
- If required, MTCC Security will call ambulance

## NURSE'S OFFICE

📍 South Building, Level 800  
North Building, outside Room 203D

|                  |                   |
|------------------|-------------------|
| Friday, Saturday | 8:00 am – 6:00 pm |
| Sunday           | 7:00 am – 6:00 pm |
| Monday, Tuesday  | 9:00 am – 5:00 pm |
| Wednesday        | 9:00 am – 8:00 pm |

Staffed by Registered Nurses who are capable of responding to a variety of emergency situations, and can also provide over-the-counter and prescribed medications to attendees. Stations are stocked with AED defibrillators and may also be used for breastfeeding.

# FINDING YOUR WAY AROUND

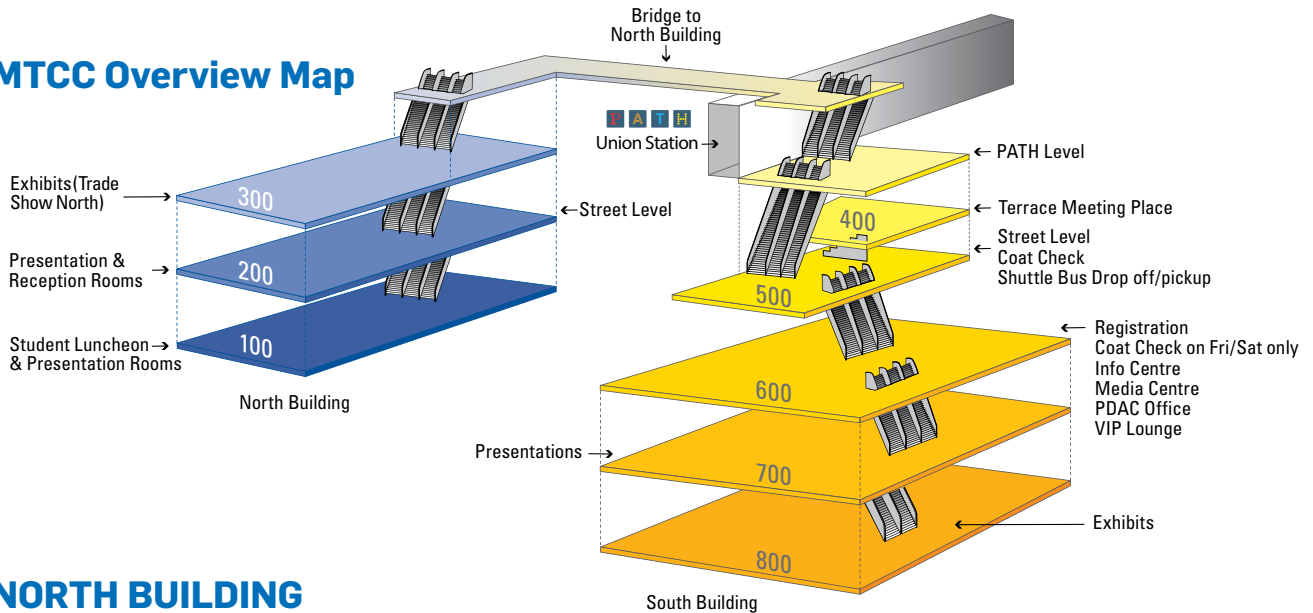

To help you locate convention activities quickly, please refer to the floor plan for each level of the MTCC and check the following lists to find what is on each level. All events take place in the MTCC unless otherwise indicated.

## CONVENTION AMBASSADORS

Sponsored by 

PDAC Convention ambassadors will be the first to welcome attendees to the convention. Identified by gold T-shirts and caps, the ambassadors will greet and guide attendees to exhibit areas, presentations and provide general direction.

An aerial night view of a city, likely Tokyo, with a dense grid of illuminated buildings and streets. A large blue diagonal shape is overlaid on the right side of the image, containing the main text.

# Better Mining. Better World.

At Teck, we know that how we mine is just as important as what we mine. That's why sustainability is central to how we responsibly provide the metals and minerals needed for today's modern world.

Specialty coffee, tea, cold beverages and pastries. **V**

*Free phone charging station and limited seating for attendees.*

### Food Trucks

📍 North Building, Level 200 (exterior street level)

### Water Dispensers

For your convenience, water dispensers are available to fill up reusable containers.

#### Common Areas:

South Building (Levels 800, 700, 600)

North Building (Levels 200, 100)

### SHOE SHINE STATION

📍 South Building, Investors Exchange, Booth 2405

Sponsored by

Enjoy a complimentary shoe shine in between your business meetings.

## SHUTTLE SERVICE

📍 South Building, Level 500

Sponsored by

Take advantage of the PDAC free shuttle service.

### Service times:

Sunday – Tuesday 8:30 am - 6:00 pm  
Wednesday 7:30 am - 2:00 pm

### Participating hotels:

- Chelsea Hotel, Toronto (Gerrard St. entrance)
- Courtyard by Marriott (on Wood St.)
- DoubleTree by Hilton (Chestnut St.)
- Fairmont Royal York (York St. entrance)
- Hilton Toronto (guests walk to the Sheraton Centre)
- Hyatt Regency Toronto (Widmer St. entrance)
- The Omni King Edward Hotel (guests walk to One King West)
- One King West Hotel (Melinda St.)
- Sheraton Centre (on York St.)
- Westin Harbour Castle (Queen's Quay)

## SME BOOKSTORE

📍 South Building, Foyer

Discount prices for PDAC attendees!

The Society for Mining, Metallurgy and Exploration (SME) is back with their bookstore. Take advantage of show pricing from the most prestigious book publisher in the industry. Several new books will be showcased. Come early! Supplies are limited.

Saturday – Tuesday 8:00 am – 6:00 pm  
Wednesday 8:00 am – 12:00 pm

## SPEAKER READY ROOM

📍 South Building, Room 706

Friday – Tuesday 7:00 am – 5:00 pm  
Wednesday 7:00 am – 2:00 pm

## TERRACE MEETING PLACE

📍 South Building, Level 400

Sponsored by

Assurance | Accounting | Tax | Advisory

Looking for free meeting space? These semi-private meeting rooms are available for one-hour bookings per day. Visit [www.pickatime.com/pdac](http://www.pickatime.com/pdac) to use the online booking system to reserve a room. An attendant will also be onsite to accept reservations on a first-come, first-served basis.

Sunday – Tuesday 9:00 am – 5:00 pm  
Wednesday 9:00 am – 12:00 pm

## WATER STATIONS

📍 South Building, Exhibit Halls, Aisles 1400 and 3300  
North Building, Trade Show North, Aisle 6100

Sponsored by

Fill up your water bottle or drink from the fountain at one of three water stations on the show floor.

### NEW! EXPANDED MEMBER BENEFITS PROGRAM

- **Exclusive Webinars:** Information and insights on key topics related to the mineral sector
- **PDAC Connect:** Web-based platform for year-round dialogue, information-sharing and networking between members

#### INDIVIDUAL BENEFITS

**Advocacy** – the PDAC takes the interests and concerns of its members to governments, international institutions, communities and other stakeholders, to support a competitive and responsible mineral exploration industry

**Networking** – individual and corporate member representatives enjoy substantial discounts on registration to participate in the PDAC's Annual Convention, regarded worldwide as the premier event for the mineral industry community

**Communications** – members are kept informed of the PDAC's initiatives and advocacy work that support the minerals industry, and are provided updates on current news and information

#### CORPORATE BENEFITS

- Member rate on exhibit booths in the Investors Exchange or Trade Show
- Company profile featured on PDAC website
- Company showcased as a corporate member at the PDAC Convention
- 15% discount on an annual subscription to post jobs on pdacjobs.com network
- One complimentary individual membership
- Specially tailored insurance and benefits program exclusive to PDAC members: consultants package, mining/contractors package, group benefits program
- Current news and information about the industry and the Association through our communication platforms: monthly *eNews*, quarterly publication *CORE*, quarterly video updates, annual report

#### INDIVIDUAL FEES

## Capital Markets Program *All Access Pass required*

For speakers' names and additional program details, please visit [www.pdac.ca/convention/programming](http://www.pdac.ca/convention/programming)

Sponsored by

Pass colour permitted

📍 South Building, Room 713

### MONDAY, MARCH 2

9:15 am – 9:25 am

#### Welcome and opening remarks

9:30 am – 10:45 am

#### Securities regulation update: Regulatory burden reduction and recent trends and issues affecting mineral issuers

In an interactive discussion focused on mineral issuers, senior staff from various departments across the Ontario Securities Commission (OSC) will discuss the recently released Burden Reduction Task Force Report, the Annual Summary Report for Dealers, Advisers and Investment Fund Managers, and the Whistleblower Program.

Attendees will hear how the OSC's commitment to reduce regulatory burden on capital markets participants has directly impacted mineral issuers. In addition, there will be a discussion around the challenging and complex cases identified by the OSC through its whistleblower program, the importance of implementing a strong internal compliance program, and potential benefits for companies from the mineral sector.

11:00 am – 12:15 pm

#### Financing the mineral industry: Investment banker perspectives

The ever-popular discussion with Canada's leading mineral industry investment bankers is back! This cornerstone session will provide bankers' perspectives on mineral industry financing.

Central topics will include the impact of changes in key metal prices on financing trends, industry M&A activity and potential ramifications for the future, along with the relationship between structural changes in capital markets and the ability of the mineral industry to attract investment.

2:00 pm – 3:00 pm

#### Capital Markets Regulatory Authority: Mineral industry benefits from harmonized regulation

Canada is closer than ever to establishing a pan-Canadian securities regulator. The Capital Markets Regulatory Authority (CMRA) is a joint effort by the governments of British Columbia, New Brunswick, Nova Scotia, Ontario, Prince Edward Island, Saskatchewan and Yukon to merge their securities regulators into a single organization that would administer harmonized legislation and rules.

The head of the agency leading the integration of the participating regulators will be joined by a number of experienced market participants to discuss the benefits of the new system, and issues associated with the transition, as they relate to SMEs and the mineral industry.

3:30 pm – 4:30 pm

#### Creeping expropriation: How government policy risk overseas impacts access to capital

Increasingly, a mining company's ability to access capital is affected by the perceived impact of the host government's policy decisions on the potential future operations of the company. Whether it's legislative or regulatory change, or new forms of taxation that did not exist at the time of the investment, "creeping expropriation" is one of the most significant political risks that investors and operators now encounter, especially in developing countries.

This panel, composed of investors and operators, will explore how government policy risk is impacting mining companies, and how they can manage this risk.

# PROGRAMMING

## Capital Markets Program *All Access Pass required*

*For speakers' names and additional program details, please visit [www.pdac.ca/convention/programming](http://www.pdac.ca/convention/programming)*

📍 South Building, Room 714

### TUESDAY, MARCH 3

9:15 am – 10:15 am

#### Financing trends and investment dynamics in mineral exploration

This session will outline the current investment environment for the mineral exploration sector from several perspectives. Recent financing activity and capital market trends will be presented and contextualized based on PDAC analysis of various sector-focused data points. In addition, dynamic shifts in the mineral exploration investment landscape over the last decade will be reviewed and material factors influencing these shifts will be discussed by panel of experts.

10:45 am – 11:45 am

#### Bringing generalists back to gold

For years, generalist investors have avoided the gold sector, citing poor capital allocation and subpar returns, even as gold prices remained relatively flat. With gold prices rallying and retracing highs not seen in six years, what will it take for generalist capital to flow back into the sector?

This session will explore the factors and metrics generalists consider when evaluating gold equities, as well as a discussion of the role of gold in portfolio diversification. There will also be a discussion on liquidity and generalist interest in intermediate and junior gold companies — that is, looking beyond the big players.

2:00 pm – 3:00 pm

#### Digging deeper into responsible investment: How are investors integrating environmental, social and governance factors and what does it mean for the global mineral sector?

In a recent global survey, 97% of institutional investors said they evaluated companies' environmental, social and governance (ESG) disclosures. What does this mean for small producers and mineral exploration companies seeking institutional investment?

The session will provide a brief introduction to responsible investing in mineral exploration and extraction context, exploring its importance to institutional investors and implications for access to capital. Attendees will hear about how small mineral explorers and producers are managing and disclosing on ESG performance—in Canada and globally. A moderated panel of investors will share practical insights about how ESG impacts investment decision-making in the global mineral sector.

3:30 pm – 4:30 pm

#### Expanding your horizons internationally: Targeting a worldwide investor base

The single most important driver in the mineral sector is the inflow of investor capital. In a constantly evolving market, the one thing that makes most of us lose sleep is wondering where the next investor dollar is going to come from. Usual capital providers have been tapped and the conventional investment hubs (Toronto, New York, Boston, Montreal and Vancouver) are not what they used to be.

This panel includes individuals who focus on uncovering investors in non-traditional geographic locations, and who will discuss ways to bridge the gap in order to attract and sustain investors on a global scale.

# Indigenous Program All Access Pass required

For speakers' names and additional program details, please visit [www.pdac.ca/convention/programming](http://www.pdac.ca/convention/programming)

## MONDAY, MARCH 2

📍 South Building, Level 714

9:00 am – 12:00 pm

### The mineral industry and Indigenous communities: Lessons from Canada and abroad

**Chair:** Dr. Jonathan Fowler, J.A Fowler and Associates Inc.

This session will seek to identify key issues between exploration and mining companies and Indigenous communities, both in Canada and abroad. Presentations will explore how companies and communities work together using innovative solutions to address a variety of issues. By examining these relationships between Indigenous communities in Canada and internationally, this session will highlight some of the unique and common challenges, as well as the opportunities when building relationships and developing partnerships.

2:00 pm – 4:30 pm

📍 South Building, Room 701

### The Indigenous Forum: Planning for the future

**Chair:** Michael Fox, Indigenous Community Engagement (ICE)

The Indigenous Forum brings together mineral industry practitioners, Indigenous communities and companies, and governments to share experiences and highlight the outcomes when working constructively together. This event is a venue for discussion on how mutually-beneficial relationships are created and sustained in order to foster a successful mineral industry in Canada, and generate a wide range of opportunities for Indigenous Peoples. The session will be followed by a networking reception from 4:30-5:30 pm, sponsored by Fasken.

## TUESDAY, MARCH 3

📍 South Building, Room 717

9:00 am – 12:00 pm

### Indigenous law and regulatory frameworks: Navigating a dynamic landscape

**Chair:** Kenning Marchant, The Marchant Practice

Jurisprudence and regulatory initiatives related to Aboriginal rights in Canada are constantly evolving. Increasing dialogue related to various frameworks and court decisions also contributes to the way in which companies and communities perceive and understand their roles in the sector. This session will seek to examine some of the recent legal decisions, frameworks and regulatory initiatives, as well as key challenges and opportunities that arise for mineral companies and Indigenous communities in relation to the mineral exploration and mining landscape.

2:00 pm – 5:00 pm

### Indigenous businesses & the mineral industry: Prosperity through partnerships

**Chair:** Luka Stevanovic, Prospectors & Developers Association of Canada (PDAC)

The mineral exploration and mining industry and Indigenous communities continue to explore ways to develop positive relationships that translate into mutually-beneficial outcomes. From mineral exploration to mine development and operations, there are many ways in which businesses in communities can develop and grow alongside mineral projects. This session will feature presentations from Indigenous-owned and/or operated businesses sharing their experiences interacting with the mineral sector, highlighting challenges and opportunities.

6:00 pm – 10:00 pm

📍 Fairmont Royal York, Canadian Room

### Skookum Jim Award Presentation: Awards Gala & After Party

**Admission ONLY with ticket**

The Skookum Jim Award recognizes and honours Indigenous individuals and businesses demonstrating exceptional achievement and/or service in a Canadian Indigenous-run service business for the Canadian mining industry or a Canadian Indigenous exploration or mining company, or have made a significant individual contribution to the mining industry.

# PROGRAMMING

## Investor Toolkit Series

For speakers' names and additional program details, please visit [www.pdac.ca/convention/programming](http://www.pdac.ca/convention/programming)

### SUNDAY, MARCH 1

📍 South Building, Room 801

Sponsored by

**SPROTT INC.  
PETER BOJTOS**

10:00 am – 11:45 am

### Building an investor toolkit: Practical tips seminar

All Access, Exhibits, or Exhibitor Staff Pass required

Start investing in the mineral industry and increase the odds of making money on investments. How to put the first dollar to work, types of investment platforms, relevant terminology, and impactful news flow will be put into context to help build out the investor toolkit. The seminar will provide attendees with greater confidence in engaging mineral exploration and mining companies, and identifying investment opportunities at the convention.

**Speakers include:**

- Nicholas LePan, Mining Editor, Visual Capitalist
- Lisa Davis, Partner, PearTree Financial & CEO, PearTree Securities
- Eric Sprott, Professional Investor

🌐 For a complete schedule, visit [www.pdac.ca/convention/programming/building-an-investor-toolkit-practical-tips-seminar](http://www.pdac.ca/convention/programming/building-an-investor-toolkit-practical-tips-seminar)

12:00 pm – 5:00 pm

### Letter Writer Presentations for Investors

Open to all pass types

**Organizer & Chair:** Peter Bojtos, Independent Company Director

Listen to industry commentators present their market research and ideas on how to select good investments in the resource sector.

**Each speaking slot is 25 minutes long**

**Co-Chair:** Nikolett Kovacs, Pembridge Resources PLC.

- Peter Bojtos, Introductions
- Jayant Bhandari, Anarcho Capital - Musings on Investing
- Chris Thompson, eResearch
- Mickey Fulp, The Mercenary Geologist
- Brien Lundin, Gold Newsletter
- Adrian Day, Global Analyst
- Trevor Hall, Clear Creek Digital

**Co-Chair:** Sonia Shirprashad, Sprott Private Wealth

- Chantelle Schieven, Murenbeeld & Co.
- Brent Cook, Exploration Insights.
- Marin Katusa, Katusa Research
- Nick Hodge, Outsider Club
- Lobo Tiggre, The Independent Speculator
- Rick Rule, Sprott's Thoughts
- Peter Bojtos, Closing Remarks

🌐 For a complete schedule, visit [www.pdac.ca/convention/letterwriterpresentations](http://www.pdac.ca/convention/letterwriterpresentations)

## PDAC Annual General Meeting

Members only

### SUNDAY, MARCH 1

📍 North Building, Room 202

9:00 – 9:30 am Annual General Meeting

# KEYNOTE PROGRAM: Discoveries of the 21st century

All Access Pass required

## MONDAY, MARCH 2

📍 South Building, Room 701

9:35 am – 11:35 am

**CHAIRS:** James Siddorn, SRK Consulting (Canada) Inc. & James Lusby, PricewaterhouseCoopers LLP, Toronto, Canada

**Finding and building world-class in different continents.**  
Mark Bristow,  
Barrick Gold Corporation

**Brucejack Mine: From discovery to production.**  
Joe Ovsenek,  
Pretium Resources Inc.

**Ivanhoe Mines is delivering the triple crown of Southern Africa's mining future: Kamoakakula, Kipushi and Platreef.**  
Robert Friedland,  
Ivanhoe Mines Ltd.

# PDAC One on One Meeting Program

By invitation only

TUESDAY, MARCH 3  
WEDNESDAY, MARCH 4

📍 South Building, Room 718

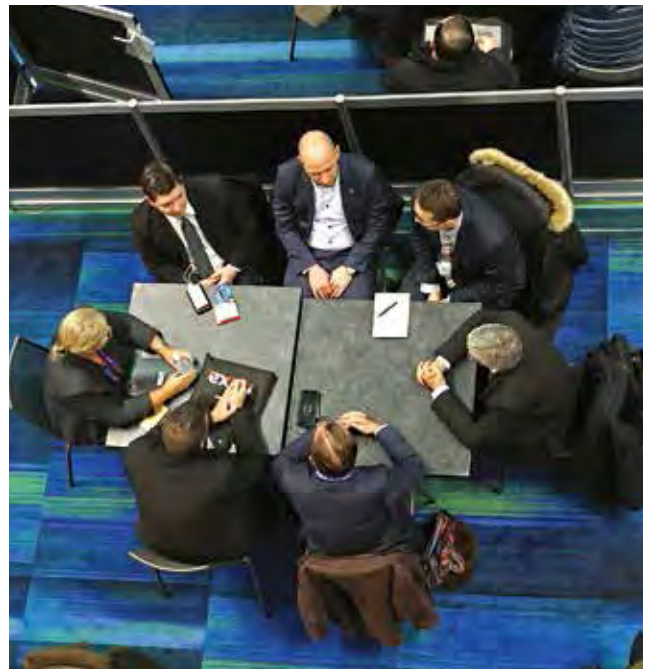

Sponsored by

PDAC has partnered with Precious Metals Summit Conferences, LLC to offer professionally organized one-on-one meeting services to bring qualified investors together with senior management.

This exclusive program is available only to a select group of PDAC 2020 Investors Exchange exhibitors, carefully screened, qualified investors and portfolio managers from around the world. Advance registration is required.

For more information, please visit [www.pdac.ca/convention/programming/pdac-one-on-one-meeting-program](http://www.pdac.ca/convention/programming/pdac-one-on-one-meeting-program)

### MONDAY, MARCH 2

**8:00 am – 6:00 pm**

📍 Room 206D

#### Brazilian Mining Day

Official Delegation of Brazil at PDAC 2020

Brazil's mineral sector is facing a new wave of growth with results that have markedly contributed to the socio-economic development of the country. These results stem from the increasing commercialized production of a wide variety of metals, but have also been influenced by Brazil's recent economic recovery and modernization of the legal framework for mineral exploration and mine development. In this context, Brazilian Mining Day will provide a comprehensive economic and infrastructure overview which, combined with cases of success of major and junior companies in diversified geological environments, will foster Brazil as a top destination for exploration and mining investments.

*All are welcome. Registration is not required.*

**8:00 am – 8:00 pm**

📍 Room 105

#### Canada Day

Invest in Canada, in partnership with Natural Resources Canada

Canada is a global mining leader. With its rich geological endowment, diverse talent and value chain development, Canada is ready to meet contemporary goals on renewable

energy, electric vehicle demand, and high-tech advanced manufacturing sector growth. As one of the world's largest minerals and metals exporters, Canada supplies some 60 different mineral commodities to over 100 countries. Canada's business and innovation environment creates an attractive investment climate for Canadian and global mining companies alike. This presentation will spotlight leadership in key areas such as emerging global value chains, sustainable mining practices, adopting cutting-edge technology and attracting and developing an inclusive workforce.

Join us to learn how Canada's government and industry are working together to power the future!

*All are welcome. Registration is not required.*

**9:00 am – 5:00 pm**

📍 Room 107

#### Peru Day

Canada-Peru Chamber of Commerce

Peru Day will include presentations from Peru's President, Ministers of State, President of the Central Reserve Bank of Peru, and investment leaders. They will address the key issues facing mining in Peru, such as the country's solid macroeconomic environment, its huge and available polymetallic resources, its legal framework based on international standards, and its neutral tax regime for international investors. The speakers will also discuss the recent measures that Peru has implemented, both politically and socially, to remain as one of the most attractive jurisdictions in the world for mining investment.

*All are welcome. Registration is not required.*

*For more information visit: [pdac.ca/convention/miningcountrysponsors](http://pdac.ca/convention/miningcountrysponsors)*

# PROGRAMMING

### SUNDAY, MARCH 1

**8:00 am – 12:00 pm**

📍 Room 205D

#### **Ecuador Day**

##### **Ecuador Chamber of Mines**

Join us for an update on Ecuador's exploration activities and investment climate.

The morning will involve a series of short presentations, including speakers from the Ecuadorian Mining Chamber, Embassy of Ecuador in Canada, and various mining companies active in Ecuador's vibrant mining sector.

*All are welcome. Registration is not required.*

**8:00 am – 5:00 pm**

📍 Room 206B

#### **Highlights from Natural Resources Canada's Targeted Geoscience Initiative and Geo-mapping for Energy and Minerals program**

##### **Geological Survey of Canada, Natural Resources Canada**

Natural Resources Canada's Targeted Geoscience Initiative (TGI) and Geo-mapping for Energy and Minerals (GEM) program, led by the Geological Survey of Canada (GSC), have fostered public geoscience to enhance understanding of Canada's mineral potential since 2000 and 2008, respectively. TGI provides the industry with next-generation geoscience to support effective targeting of buried mineral deposits, while GEM uses geological mapping to help unlock the full mineral potential of Canada's North.

Presentations will highlight recent program results and provide an opportunity for GSC scientists, TGI grant recipients and industry professionals to discuss cutting-edge research relevant to mineral exploration in Canada.

*All are welcome. Registration is not required.*

**9:00 am – 5:00 pm**

📍 Room 205B

#### **Exploring a carbon-free mining future with Small Modular Reactors**

##### **Canadian Nuclear Laboratories**

Join us in exploring a carbon-free mining future with the development of Small Modular Reactors (SMRs), which have the potential to bring clean energy to remote mine operations.

*Registration is required. For more information, please contact: [jessica.gosbee@cnl.ca](mailto:jessica.gosbee@cnl.ca)*

**9:00 am – 5:00 pm**

📍 Room 206D

#### **Western Tethyan Belt: An emerging copper and gold region**

##### **Mundoro Capital Inc.**

Hosted by Mundoro Capital, "Western Tethyan Belt: An emerging copper and gold region" returns for its fourth year to highlight the Western Tethyan Belt as an emerging region for mineral projects. From exploration discoveries, to high-grade development projects, to high-tech operating mines, the region remains under-explored—yet it is rich with mineral potential, low-cost profiles and skilled local workforces in both mining and exploration. Companies will provide updates on their projects in the region, with government speakers providing insight into local jurisdictions.

*Registration is required. For more information, please visit: <https://www.eventbrite.ca/e/79806923657>*

**2:00 pm - 6:00 pm**

📍 Room 205D

#### **Guyana**

##### **Guyana Goldfields Inc.**

Please join us for an afternoon presentation.

*All are welcome. Registration is not required.*

### MONDAY, MARCH 2

**8:00 am – 12:00 pm**

📍 Room 202D

#### **Kudz Ze Kayah (KZK): The next generation of Yukon Mining**

##### **BMC Minerals**

BMC Minerals' President, Scott Donaldson, will present the proposed KZK zinc/silver mine located in the Finlayson Lake district in southeast Yukon, Canada. He will be joined by key speakers from Yukon Government and Dena Nezzidi Development Corporation who will discuss Yukon as a mining destination and the successful economic participation by First Nations businesses.

Yukon's Environmental and Socio-economic Assessment Board (YESAB) completed its technical review of BMC's project development application and delivered a draft screening report in November 2019. BMC aims to deliver a modern, financially viable and environmentally responsible project with meaningful involvement of local First Nations and communities.

*Registration is preferred, but not required. For more information, please contact: [nicolel@bmcuklimited.com](mailto:nicolel@bmcuklimited.com) or visit [www.bmcminerals.com](http://www.bmcminerals.com) and [www.kudzzekayah.com](http://www.kudzzekayah.com)*

**8:00 am – 12:00 pm**

📍 Room 206B

#### **Global mining sector: On the frontiers of change**

##### **Dentons LLP**

Join the largest law firm in the world to hear about recent trends and developments in the global mining landscape. Digital disruption, economic sanctions and capital constraints are just a few of the challenges that mining companies face today. Our global mining team will take an in-depth look at the new frontiers of change and how to navigate them.

Topics include:

- Global trends in mining finance
- Protecting your investments and assets: Using investment structuring and arbitration clause drafting to your advantage
- The frontier of mining innovation: Dealing with disruptive technologies
- Drilling down on corruption risk

*Registration is required. For more information, and to register, please contact: [toronto.events@dentons.com](mailto:toronto.events@dentons.com)*

**8:00 am – 4:00 pm**

📍 Room 203B

#### **Invest Canada North: Mineral investment opportunities in Canada's North**

**Presented in partnership by: Yukon Mining Alliance and NWT, Nunavut Chamber of Mines, Government of Canada, Government of Yukon, Government of Northwest Territories and Government of Nunavut**

Join this exclusive one-day forum to discover the investment opportunities in Canada's North (Yukon, Northwest Territories and Nunavut), hosted by sector experts and well-known wealth influencers. Keynote speakers, panels and special sessions will highlight the competitive advantages of each region, including geological potential, geopolitical stability, Indigenous partnerships and leaders in exploration and mining.

8:00 am Registration and refreshments

9:00 am Keynotes and session registration begin

*Registration is preferred, but not required. For more information, please contact: [anne@yukonminingalliance.ca](mailto:anne@yukonminingalliance.ca) or visit [www.investcanadanorth.ca](http://www.investcanadanorth.ca)*

**9:00 am – 12:00 pm**

📍 Room 202B

#### **The annual South African Mining Investment Seminar**

##### **The South African Government**

South Africa has a long-standing mining heritage and remains the wealthiest mining jurisdiction in the world. The country has developed progressive and internationally competitive mining policies to benefit both large- and small-scale producers in the sector. Join the country as it engages delegates on key issues facing the South African mining industry.

The seminar, to be followed by a networking session, will reaffirm South Africa's commitment to growing and sustaining the mining industry, advancing technological innovation and the development of junior miners, and confirming the country as a favorable investment destination. This event is not to be missed.

*Registration is required. For more information and to RSVP, please contact: [Sybil Miller at millers@dirco.gov.za](mailto:Sybil.Miller@dirco.gov.za) or 416 730-7284*

**9:00 am – 12:00 pm**

📍 Room 205D

### **Colombia Day**

#### **Government of Colombia, National Mining Agency**

Colombia has great mining potential, especially for gold and copper. Colombia's geological formations in the belt of the Andes mountain chain are highly favourable for metallic prospects and deposits. In 2020, gold production is estimated to grow by 26%.

Discover Colombia's geological potential and mining opportunities, and meet the government's representatives.

Topics will include:

- Opportunities and challenges for mining
- Environmental aspects
- The National Mining Agency and its role to encourage projects
- New mining cadastre

*Registration is preferred, but not required. For more information, please contact: [promocion@anm.gov.co](mailto:promocion@anm.gov.co)*

**1:00 pm – 4:00 pm**

📍 Room 205B

### **Greenland Day**

#### **Government of Greenland and Greenland Business Association**

Greenland Day is a consistent feature at each PDAC Convention, attracting potential partners, exploration and mining companies and investors from all over the world. The Government of Greenland invites exploration and mining companies operating in Greenland to present their projects. This gives a unique opportunity to hear first-hand what it is like to do business in Greenland. The Greenland Business Association highlights the current conditions encountered by companies in the mining industry. These presentations will show how Greenland strives to attract the mining industry through initiatives regarding infrastructure, access to qualified labour, local suppliers and the investment environment.

*Registration is preferred, but not required. For more information, please contact: [sorbre@um.dk](mailto:sorbre@um.dk)*

### MONDAY, MARCH 2

**2:00 pm – 6:00 pm**

📍 Room 202B

#### Data and analytics forum

**Descartes Labs, Inc.**

The hype around machine learning and artificial intelligence is at an all-time peak with data, software, and models that touch every part of the mining value chain. Join us as we explore what is working and what is not. We will focus on data management and refining, modeling workflows, computer vision, high-performance computing, as well as the human creativity and change management that makes success possible with these cutting-edge projects.

Join us after the event for a networking reception featuring cocktails and hors d'oeuvres.

*Registration is preferred, but not required.  
For more information, please contact: Peter Barile,  
[peter@descarteslabs.com](mailto:peter@descarteslabs.com)*

**2:00 pm – 6:00 pm**

📍 Room 202D

#### Mongolia at PDAC 2020

**Ministry of Mining and Heavy Industry of Mongolia**

Mongolia at PDAC 2020 will offer attendees valuable updates on the country's mining sector policies, the various projects that are being implemented, and the prospective

areas of cooperation. This session will include speakers from the Ministry, the country's largest state-owned entities, and other mining sector and government representatives, giving attendees the opportunity to hear first-hand from the key stakeholders.

*Registration is required. For more information and to register, please contact: [anuzaya@mmhi.gov.mn](mailto:anuzaya@mmhi.gov.mn)*

**2:00 pm – 6:00 pm**

📍 Room 206B

#### Argentina Forum Day 2020

**Government of Argentina**

Argentina is a mining investment destination. The presentation will highlight different projects in prospecting, exploration, and development stages through the experiences of local and international major and junior investors. The main mining provinces will explain their policies to develop these projects.

The session will also focus on initiatives designed to benefit mining projects, including an online cadastre, tables of competitiveness, infrastructure, the Argentine-Chilean Mining Integration and Complementarity Treaty and related legal aspects of the initiatives.

*Registration is required. For more information, please contact: [rbojan@produccion.gob.ar](mailto:rbojan@produccion.gob.ar)*

## TUESDAY, MARCH 3

8:00 am– 12:00 pm

📍 Room 205B

### Barbados: Facilitating global business

#### Invest Barbados

Barbados is a preferred corporate location for several companies with international operations, including those involved in or supporting mining, quarrying, and oil and gas extraction. This event will provide business executives, entrepreneurs and advisors with the latest information on how Barbados is innovating to facilitate the needs of the global investment community.

Topics will include:

- Recent legislative developments
- Advantages offered by Barbados to global investors
- Examples of business structures and opportunities in Barbados
- A Canadian's experience of doing business in Barbados

*Registration is preferred, but not required. For more information please contact: [toronto@investbarbados.org](mailto:toronto@investbarbados.org) or visit [investbarbados.org](http://investbarbados.org)*

8:00 am – 12:00 pm

📍 Room 205D

### Ireland: Open for business

#### Geological Survey Ireland and Enterprise Ireland

The Ireland: Open for business forum will include updates from mining and mineral exploration companies operating on the island of Ireland (both gold and base metal projects), and panel discussions relating to Ireland's expertise in the global mining and geoscience value chains.

The morning forum will be supported by Geological Survey Ireland which will provide updates on its programs and initiatives. The island's national export agencies, Enterprise Ireland and Invest Northern Ireland, will showcase Ireland's business environment.

*Registration is preferred, but not required. For more information, please contact: [andrew.gaynor@gsi.ie](mailto:andrew.gaynor@gsi.ie)*

8:00 am – 12:00 pm

📍 Room 206E

### Exploration and mining opportunities in India

#### Government of India, Ministry of Mines

India is rich in mineral resources. The Government of India has recently enacted amendments to the Mines and Minerals (Development and Regulation) Act 1957 and announced rules

that will help in overcoming many challenges associated with the minerals and mining sector. India is poised to experience great leaps of growth in the sector with the adoption of transparent and non-discretionary grants of mineral concessions through an auction process.

This event will include a panel discussion on these latest developments, along with issues facing mining companies operating in India and business opportunities in India as well as in Canada.

*Registration is preferred, but not required. For more information, please contact: [comsec.toronto@mea.gov.in](mailto:comsec.toronto@mea.gov.in), [sinhask@nmdc.co.in](mailto:sinhask@nmdc.co.in), or [amitsingh@nmdc.co.in](mailto:amitsingh@nmdc.co.in)*

8:30 am – 12:00 pm

📍 Room 206B

### Exploration and investment opportunities in Australia

#### Australia Minerals

Are you looking to invest in an attractive mining project? Interested in world-leading technology and services? Keen to discover new data for an exploration edge? Then join us for presentations from Australian companies and government agencies on investment-ready opportunities and innovative geoscience initiatives supporting mineral exploration in Australia.

Australia's resources industry thrives in partnership with international investment and offers investors one of the highest returns on exploration investment in the world. Industry, government and academia work together to support exploration and mining, and participation in the Australia mining sector is an opportunity to gain exposure to the world's best practices.

*All are welcome. Registration is not required.*

# PROGRAMMING

## Presentation Rooms

*Open to all pass types (unless otherwise noted)*

### TUESDAY, MARCH 3

**9:00 am – 3:00 pm**

📍 Room 203B

#### **New frontiers in mining assets development and operations**

**McKinsey & Company**

Discussion topics include:

- Latest mining commodities outlook (including EV battery materials)
- Next horizon in exploration
- Taking project development and financing to the next level
- Achieving operational excellence through technology-enabled mining

*Registration is required. For more information, please contact: [mckinsey\\_pdac\\_2020@mckinsey.com](mailto:mckinsey_pdac_2020@mckinsey.com)*

**10:00 am – 12:00 pm**

📍 Room 202B

#### **International arbitration: Investment and commercial arbitration in the mining sector**

**Three Crowns LLP**

Three Crowns LLP invites you to this breakfast session that will cover topics such as:

- How mining companies can protect against adverse state action and respond to ongoing changes to investment treaties through contract and treaty planning
- Recent changes to investment treaties and other developments relevant to companies in the mining sector
- Best practices and recent trends in mining sector commercial arbitrations, including the use of third-party funding to finance claims

*Registration is preferred, but not required. For more information, please contact: [karen.mojica@threecrownsllp.com](mailto:karen.mojica@threecrownsllp.com)*

**10:00 am – 4:30 pm**

📍 Room 206D

#### **ESG and investor panel, and geochemistry tools seminar**

**ERM and CSA Global (an ERM Group Company)**

We will offer two separate sessions throughout the day:

10:00 am – 11:30 am

Geochemistry seminar: Using advanced analytics to optimize discovery rates and ore body knowledge. We will share innovative tools we have developed using hydro and litho-geochemistry to improve deposit understanding and optimize ore-body knowledge.

3:00 pm – 4:30 pm

Panel discussion: The rise of ESG and the modern investor. Join industry and investment leaders in a panel on the importance and expectations for disclosure, related to environmental, social, and governance risks. Speakers will debate transparency and accountability, share their insights on due diligence, and tell us what matters to the modern investor.

*Registration is preferred, but not required. For more information, please contact: [navita.khokha@erm.com](mailto:navita.khokha@erm.com)*

**1:30 pm – 6:15 pm**

📍 Room 206E

#### **CERBA Eurasia Mining Conference 2020**

**Canada Eurasia Russia Business Association (CERBA)**

CERBA is committed to promoting a deep understanding of the Eurasian markets and a thoughtful delivery of quality information on the investment and business landscape. Experts from business, government, diplomatic, consulting, academic and non-profit backgrounds will focus on key trends, constraints and opportunities in the Eurasian and Canadian mining markets in the context of today's dynamic global economy.

Discussion topics include:

- Regulatory updates
- Investment programs and practices
- Evaluating investment opportunities in mining in Eurasia
- New international cooperation and investment opportunities
- Updates on the most significant mineral producing regions of Eurasia
- Government relations best practices

*Registration is required. To register visit [www.cerbanet.org/event-3588578](http://www.cerbanet.org/event-3588578). For more information, please contact: [vera@cerbanet.org](mailto:vera@cerbanet.org)*

2:00 pm – 4:30 pm

📍 Room 205D

### Germany

**German Mineral Resources Agency (DERA) in the Federal Institute for Geosciences and Natural Resources (BGR), in cooperation with the Canadian German Chamber of Industry and Commerce**

You are invited to our forum discussing consolidated German expertise in the fields of exploration, mining and processing to enhance efficiency, lower costs, and improve health and safety standards. Financing services, support and opportunities for miners, off-takers and research institutes represent an additional focus of the event.

We are looking forward to seeing you!

*All are welcome. Registration is not required.*

2:00 pm – 6:00 pm

📍 Room 202D

### Canada's Atlantic Edge: Mineral sector investment and trade opportunities in Newfoundland and Labrador, Nova Scotia and New Brunswick

#### Atlantic Canada Mining Alliance

This event is an industry-led, Atlantic Canada mining and exploration investment forum showcasing exciting opportunities in the Atlantic region. Hear from and speak with key players in these projects. A series of short presentations will be followed by a networking reception, which will allow investors to meet with key decision-makers and supply and service professionals operating in the region.

2:00 pm Short Atlantic Canada project presentations by exploration and mining companies.

4:00 pm B2B reception: Meet explorers, producers, government officials, and regional service and supply companies.

*Registration is preferred but not required. For more information and to register for free, please visit: [www.eventbrite.ca/e/88105603231](http://www.eventbrite.ca/e/88105603231) and [www.atlanticcanadaminingalliance.com](http://www.atlanticcanadaminingalliance.com)*

2:00 pm – 6:00 pm

📍 Room 202B

### Chile: Leader in metals that facilitate the future

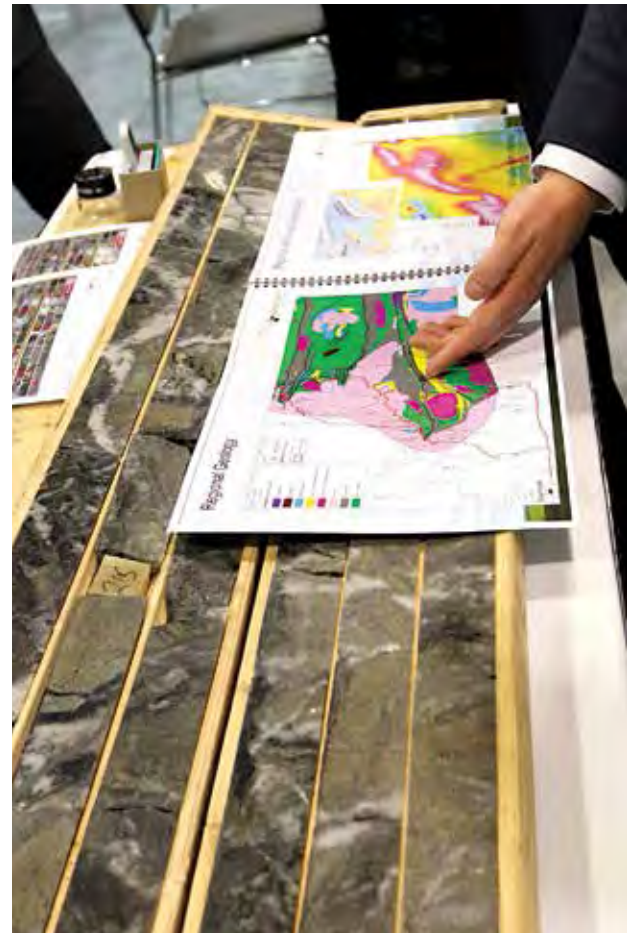

#### Trade Commission of Chile and Ministry of Mining of Chile

One of the most prolific mining countries in the world, every year Chile attracts a significant portion of global exploration investment. In this seminar, Chile's Mining Minister will give an update of the sector and unveil Chile's future mining policy vision, including developments in exploration, the lithium industry and sustainability.

The Minister's remarks will be followed by two interactive panel discussions:

1. Joint-venture opportunities with Chilean state-owned companies, with a special emphasis on high-potential lithium projects
2. Gold exploration in Chile, showcasing metallogenic stripes, market projections, and new developments

*All are welcome. Registration is not required.*

**8:00 am – 12:00 pm**

📍 Room 205B

#### **Mining projects in Chile and Peru: A new business model**

**Montt Group SpA.**

Montt Group, a Latin American investment advisory firm, has assembled an initial group of promising early-stage mining projects in Chile and Peru for which we seek partnerships with qualified mining juniors and investors. This business model requires no upfront payment to owners, but is based on a commitment to support the project's listing on the Toronto Stock Exchange as exploration and technical preparations move forward sufficiently to have the listing place a significant value on the project. The parties would agree in advance to share the proceeds from listing.

*Registration is preferred, but not required. For more information, please contact: [monttgroup@monttgroup.com](mailto:monttgroup@monttgroup.com)*

8:00 am – 12:00 pm

### Mining in Bolivia

#### Prophecy Development Corp.

Following the Evo Morales era, Bolivia is entering a decade that welcomes investment while advancing the country's global reputation as a world-class mining jurisdiction. Bolivia is the world's sixth largest silver producer with active participation from global mining companies such as Sumitomo Metal Mining Co., Ltd., Glencore, Pan American Silver, Prophecy Development Corp., and New Pacific Metals Corp.

Attending this session will be Bolivia's Minister of Mining, as well as representatives of the aforementioned companies.

Appetizers and drinks will be served.

**All are welcome. Registration is not required. For more information and the latest schedule, please contact: [info@prophecydev.com](mailto:info@prophecydev.com)**

### MONDAY, MARCH 2

8:00 am – 10:00 am

#### Kazakhstan Day

##### Aurora Minerals Group

Kazakhstan is a mineral-rich country with its mining and exploration industries undergoing a significant transformation. This morning session will provide insight into the latest improvements in local legislation, new exploration and mining opportunities for investors, technological successes, and the challenges to be addressed while entering the market.

*All are welcome. Registration is not required.*

11:30 am – 1:30 pm

#### Getting more concentrate from base and precious metals by using IsaMill™ fine grinding and Jameson Cell flotation

##### Glencore Technology

IsaMill™ and Jameson Cell deliver high concentrates from a low footprint, with little maintenance and immediate returns. But how do they work? How does the IsaMill™ liberate more and give more availability? How does Jameson Cell deliver more concentrate and require virtually no downtime? Join Glenn Stieper in this workshop and find out.

*Registration is required. For more information, please contact: [marketing@glencore.com.au](mailto:marketing@glencore.com.au)*

3:00 pm – 5:00 pm

#### Improving recoveries in base and precious metals by using Albion Process™ atmospheric leaching

##### Glencore Technology

Albion Process™ atmospheric leaching is achieving high recoveries in base and precious metals with lower capital and operating costs, all while tolerating wildly fluctuating feeds. But how does it work? What's the process in setting it up? Join Paul Voigt in this workshop and find out.

*Registration is required. For more information, please contact: [marketing@glencore.com.au](mailto:marketing@glencore.com.au)*

6:30 pm – 8:30 pm

#### Mining in Ukraine

##### Canada-Ukraine Chamber of Commerce and CUTIS project

Mining in Ukraine hosted by the Canada-Ukraine Chamber of Commerce and CUTIS Project will provide an opportunity for attendees to be updated on mining investment opportunities in Ukraine. Hear success stories first-hand from companies based in Ukraine, as well as representatives from the Ukrainian State Geological Service.

*All are welcome. Registration is not required.*

### TUESDAY, MARCH 3

8:00 am – 11:00 am

#### European Union for a sustainable future: Opportunities in EU's exploration and mining sectors

##### European Union

Participate in the European Union's business and networking breakfast to find investment opportunities in the exploration and mining sectors of EU member states. Learn about EU cutting-edge technology and innovative solutions to improve the performance and sustainability of your project. Explore how to be part of responsible industrial value chains in the EU.

*Registration is preferred, but not required. For more information, please contact: [eugestopdac@niras.com](mailto:eugestopdac@niras.com)*

3:00 pm – 5:00 pm

#### How to leverage returns and maximize value in mining operations via optimization

##### Whittle Consulting

How much extra value could you generate from your mining operation through effective optimization? Raziel Zisman, Partner at Whittle Consulting, explains how optimization helps mining businesses, governments and investment funds worldwide to significantly maximize the value of finite mineral resources. Please present business card upon entry. Drinks and light catering provided.

*All are welcome. Registration is not required.*

## WEDNESDAY, MARCH 4

8:00 am – 10:00 am

### Deep learning alteration mineral mapping and satellite surveying

#### PhotoSat

The detection of alteration minerals and detailed topographic surveying has greatly improved with new deep learning processing techniques, combined with improved stereo and multispectral satellite photos. We will share case histories of surveying and alteration mineral mapping with 16-band WorldView-3 satellite photos over several mineral deposits.

*Registration is required. For more information, please contact: [events@photosat.ca](mailto:events@photosat.ca)*

6:30 pm – 8:30 pm

### DRC dinner on business opportunities

#### MD Services SARL

MD Services SARL, a 100% Congolese company specializing in staff recruitment and human resources, invites you to learn about opportunities in the Democratic Republic of the Congo (DRC). The DRC is potentially one of the most resource-rich countries on Earth, with limitless water from the world's second-largest river, the Congo River, and abundant deposits of copper, gold, diamonds, cobalt, uranium, coltan and oil. Join us at the DRC networking dinner to understand the landscape.

*Registration is preferred, but not required. For more information, please contact: [Victoria Bawn, victoria@bawnmarketing.com](mailto:Victoria.Bawn@bawnmarketing.com)*

# 2020

THE WORLD'S PREMIER  
MINERAL EXPLORATION  
& MINING CONVENTION

## KEYNOTE PROGRAM DISCOVERIES OF THE 21ST CENTURY

MONDAY, MARCH 2 | 9:35 AM

METRO TORONTO CONVENTION CENTRE | ROOM 701

Exploration success has been declining since the start of the 21st century. However, key tier one deposits have been discovered and put into production.

Three industry leaders will outline how this was possible, what were the keys to success and what are the keys for discovery in the future.

### Finding and building world-class in different continents

**Mark Bristow**  
Barrick Gold Corporation

### Brucejack Mine: From discovery to production

**Joe Ovsenek**  
Pretium Resources Inc.

### Ivanhoe Mines is delivering the triple crown of Southern Africa's mining future

**Robert Friedland**  
Ivanhoe Mines Ltd.

# PROGRAMMING

## Short Courses *Admission with ticket*

For speakers' names and additional program details, please visit [www.pdac.ca/convention/programming](http://www.pdac.ca/convention/programming)

The Professional Geoscientists Ontario (PGO) supports participation of its members in these courses as an acceptable Continuing Professional Development activity. This program may also be eligible toward the Law Society of Upper Canada's CPD Requirement as Substantive Hours. Please note that this program is not accredited.

Space is limited for Short Courses.

To qualify for student rates, you must be a PDAC student member and enrolled full time in a recognized academic program. Student spaces are limited.

Unless otherwise noted, all full-day Short Courses include continental breakfast, three-course lunch and refreshments, please see website for inclusions and descriptions/agendas [www.pdac.ca/convention/programming/short-courses](http://www.pdac.ca/convention/programming/short-courses)

Visit the Ticket Sales desk onsite if you are interested in attending one of these courses.

## Student & Early Career Program

*Open to all pass types (unless otherwise noted)*

*For speakers' names and additional program details, please visit [www.pdac.ca/convention/programming](http://www.pdac.ca/convention/programming)*

**Student & Early Career Centre**  
**How to impress for success**  
**Flash mentoring**  
**Student-Industry Networking Luncheon**

Sponsored by **LUNDINGROUP**

### STUDENT & EARLY CAREER CENTRE

📍 South Building, Level 800

The Student & Early Career Centre will be located on Level 800 across from the Trade Show entrance. The Centre organizes registration for the guided tours of the Trade Shows and Investors Exchange, and offers resources and opportunities for student and early career attendees.

### PDAC-CIM Toronto Branch Guided Tours

Meet some of the 1,100+ companies that exhibit in the Trade Show and Investors Exchange by taking a guided tour of the exhibits. Each tour stop will allow you to learn about the focus of the organization's projects and potential career opportunities.

|                |                             |
|----------------|-----------------------------|
| <b>Sunday</b>  | <b>1:00 pm</b>              |
| <b>Monday</b>  | <b>10:00 am and 1:00 pm</b> |
| <b>Tuesday</b> | <b>10:00 am and 2:30 pm</b> |

*Student All-Access Pass required*

*Sign up at the Student & Early Career Centre*

### Mining Engineer Virtual Reality Simulation

📍 Booth 2740

Experience drone exploration, mine analysis and handle explosives in this exciting Virtual Reality simulation!

CareerLabsVR, in partnership with the Ministry of Labour, Training and Skills Development has developed a VR simulation of what a career as a mining engineer could look like. Come try it out during the show!

### SATURDAY FEBRUARY 29

#### Prospect Generation Challenge

**1:00 pm – 4:30 pm**

📍 South Building, Room 713

Hosted by Next Gen Geo and PDAC, the Prospect Generation Challenge is a "Dragons' Den" style event for students and early-career geoscientists to pitch their original ideas for mineral exploration prospects.

Three finalists for each of the Undergraduate and Early Career categories will compete for cash prizes and investment as they present their ideas to the judges and an audience.

### SUNDAY MARCH 1

**10:30 am – 12:00 pm**

📍 South Building, Room 717

#### How to impress for success

How to impress for success is an interactive event designed to help students and graduates effectively and confidently navigate their way around the PDAC Convention. Attendees will practice networking techniques for meaningful interactions with industry and learn what types of questions to ask and most importantly, how to follow up after an event. The presentation is suitable for students, graduates and professionals.

## SUNDAY MARCH 1

2:00 pm – 4:00 pm

📍 South Building, Room 718B

### Flash mentoring

This is an opportunity to meet mentors and mentees in the PDAC's Mentoring program, expand your network and connect with industry professionals. Flash mentoring is a one-time meeting and discussion with industry mentors. This event is open to 3rd- and 4th-year undergraduates, final year college students, graduate students and students who have graduated within the last two years.

*Pre-registration is required. Inquire at the Student & Early Career Centre for onsite information.*

## MONDAY MARCH 2

9:30 am – 11:30 am

📍 South Building, Room 716

### {De}Risk – Project strategy for junior explorers

This is an interactive experience for students and early-career individuals to gain an understanding of how decisions are made at the management level and what it takes to advance a mineral exploration project. Role playing as managers, participants will work through a strategy exercise with their team with the goal of maximizing the value of their advanced stage exploration project.

1:30 pm – 4:00 pm

📍 North Building, Room 201DF

### A student geologist's guide to the exploration and mining industry

This event is designed to help students successfully transition from the classroom to the workforce. Speakers from various areas of the industry will share their experiences and discuss what they look for when hiring students and recent graduates. Participants will also gain insight into understanding the economics of the sector, expectations of that first job, pitfalls to avoid, and the lifestyle associated with working in exploration and mining.

## TUESDAY MARCH 3

10:00 am – 6:00 pm

📍 South Building, Room 701

### PDAC-SEG Student Minerals Colloquium

The Student Minerals Colloquium (SMC) brings together geoscience students and industry professionals to highlight innovative student research on projects essential for the successful evolution of the modern mining industry. This event provides industry professionals with an opportunity to support and stay current with ongoing international research from students across the world. Please join us in celebrating future leaders in mineral deposits, geophysics, environmental sustainability, and experimental studies at this year's SMC!

3:00 pm Cocktail reception

5:00 pm Awards presentations for best posters

*Open to all pass types*

*Scan this QR code for a list of all posters*

11:30 am – 1:30 pm

📍 North Building, Room 105/106

### Student-Industry Networking Luncheon

This reception-style buffet luncheon provides an opportunity for students, early career and industry professionals to network in a relaxed environment. The winner of the Mary-Claire Ward Geoscience Award and the Joan Bath and Peter Howe Bursary for Advancement in the Mineral Industry will be announced, as well as the selected 2020 Student-Industry Mineral Exploration Workshop (S-IMEW) students.

*All Access Pass, Exhibit staff or Exhibits Pass required*

# PROGRAMMING

## Student & Early Career Program

Open to all pass types (unless otherwise noted)

### 2020 MARY-CLAIRE WARD GEOSCIENCE AWARD RECIPIENT

This year's recipient of the Mary-Claire Ward Geoscience Award is Kendra Zammit of Laurentian University.

Kendra's MSc. research seeks to constrain the Neoarchean evolution of progressive deformation and orogenic gold mineralizing events in the western Wabigoon subprovince of Canada's Superior Province. Her research integrates legacy data, new field observations, microstructural analyses, and U-Pb geochronology to revise the structural and metallogenic evolutionary history of the region. Results will document the influence of structural evolution of greenstone belts on their differential gold endowment, and will assist future orogenic gold exploration in the western Superior Province.

Kendra will receive her award at the Student-Industry Networking Luncheon at the PDAC 2020 Convention, Tuesday March 3. The award, comprising \$5,000 and a certificate, is given annually and honors the memory of Mary-Claire Ward who died in 2004. Mary-Claire was the chair of the PDAC's Geoscience committee, Chairman of Watts Griffis McOuat Ltd., and a Past President of the Geological Association of Canada. She was a passionate advocate for the geosciences in Canada.

The intent of the award is to encourage and support a graduate student in Canada whose thesis contributes to our knowledge about the geological history of Canada. Mapping must be a significant component of the winning thesis.

The award is administered by the Prospectors & Developers Association of Canada (PDAC), the Geological Association of Canada (GAC), the National Geological Surveys Committee, the Canadian Geological Foundation, and Watts, Griffis and McOuat Ltd.

 Application details are posted at [www.pdac.ca](http://www.pdac.ca) and [www.gac.ca](http://www.gac.ca) by October 1 every year.

## Sustainability Program *All Access Pass required*

*For speakers' names and additional program details, please visit [www.pdac.ca/convention/programming](http://www.pdac.ca/convention/programming)*

### SUNDAY, MARCH 1

📍 South Building, Room 803

**9:30 am – 10:50 am**

#### Rethinking the challenges of ASM

ORGANIZER: Yamana Gold Inc.

**11:00 am – 12:00 pm**

#### Supply chain legislation: Implications and opportunities for the sector

ORGANIZER: UNICEF

**1:30 pm – 3:30 pm**

#### Gender diversity and inclusion: Unpacking the 'how to'

ORGANIZER: Prospectors & Developers Association of Canada (PDAC)

### TUESDAY, MARCH 3

📍 South Building, Room 715

**9:00 am – 11:50 am**

#### Standards and measurements for performance: Exploring frameworks and principles

ORGANIZER: Mining Association of Canada (MAC)

**1:30 pm – 2:50 pm**

#### Environmental, social and corporate governance: The impact of ESG's on investment, reporting and operating practices

ORGANIZER: Mining Association of Canada (MAC)

**3:00 pm – 4:30 pm**

#### Climate change impacts on biodiversity: Considerations for the sector

ORGANIZER: Prospectors & Developers Association of Canada (PDAC)

### WEDNESDAY, MARCH 4

📍 South Building, Room 803

**9:00 am – 9:50 am**

#### Global tailings review: Insights and next steps

ORGANIZER: International Council on Mining and Metals (ICMM)

**10:00 am – 12:00 pm**

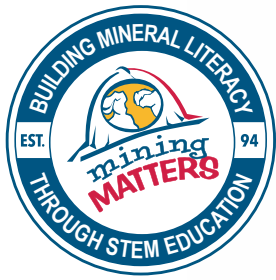

#### Sustainability Spotlight: A series of rapid-fire presentations on various topics related to sustainability

Each speaking slot is 20 minutes long:

- Applying the mitigating hierarchy in practice
- Profitable CSR for mines with renewable energy, hydrogen and food production
- Small modular reactors: Opportunities for the mining sector
- Cyber, health and safety risk management: Securing industrial control systems

🌐 For a complete schedule, visit [www.pdac.ca/convention/programming/sustainability-program](http://www.pdac.ca/convention/programming/sustainability-program)

# THANK YOU FOR YOUR SUPPORT!

Mining Matters greatly appreciates the contributions from the minerals and aggregates industries, individuals, foundations, corporations and governments. Your generosity supports all aspects of our program development and implementation.

Our mission is to educate young people to develop knowledge and awareness of Earth sciences, the minerals industry, and their roles in society. Since inception, Mining Matters has reached 750,000 teachers, students and members of the public across Canada with its hands-on resources and innovative teaching materials.

### SUNDAY, MARCH 1

📍 South Building, Room 701

#### OPENING CEREMONIES

*Open to all pass types*

**10:30 am – 11:30 am**

Join Felix Lee, PDAC President; Ed Sackaney, Knowledge and Wisdom Keeper, and other special guests as we mark the official opening of the PDAC 2020 Convention.

**1:00 pm – 5:30 pm**

#### Commodities and market outlook

Sponsored by

**RBC CAPITAL MARKETS  
SCOTIABANK**

**CHAIRS:** Terence Ortslan, TSO & Associates, Montreal & Mark Selby, Canada Nickel Corp., Toronto, Canada

- 1:00 pm The corporate world in the next decade
- 1:25 pm Drivers of change, uncertainty and tension in the metals & mining sector
- 1:50 pm Overview of world mineral exploration trends
- 2:15 pm Global zinc market outlook
- 2:40 pm Copper market outlook: Short term challenges, long term strength
- 3:05 pm Base metal market concerns: A blended future
- 3:30 pm Gold & precious metals
- 3:55 pm The impact of new battery technologies on metal demand
- 4:20 pm Steelmaking raw products
- 4:55 pm Uranium market overview

**1:00 pm – 3:30 pm**

📍 Room 713

#### Recent advances in Archean geology

**CHAIRS:** Neil Gow, Independent Consultant, Burlington & David Ross, RPA, Toronto, Canada

- 1:00 pm Mining and mineral exploration potential in the Kingdom of Saudi Arabia
- 1:25 pm Mineral systems of craton margins: Examples from Western Australia
- 1:50 pm Scale integrated approach to understanding architecture and fertility in Archean cratons: Examples from Western Australia
- 2:15 pm Isotopic mapping of the continental crust: A new area selection tool
- 2:40 pm Metal earth in Chibougamau: Stratigraphy and magmatic-hydrothermal Cu-Au mineralization
- 3:05 pm In-situ growth of the Superior Craton from isotopes in zircons: Implications for Archean geodynamics granite-greenstone petrogenesis and magmatic Cu-Ni-PGE-Au systems

📍 Room 715

#### Mining investment: How to navigate the changing landscape

**CHAIRS:** Valerie Wilson, RPA & Susan Muir, Mkango Resources Ltd., Toronto, Canada

- 1:00 pm The effect of institutional investors' structural transformation on mining finance
- 1:25 pm Top 10 ways for mining companies to attract money from investors
- 1:50 pm How to communicate your story: An investor's perspective
- 2:15 pm Investing in growth: Barrick's key project parameters
- 2:40 pm Mining investment: What catches the banker's eye
- 3:05 pm Tried and true strategies to effectively brand and market your story

## MONDAY MARCH 2

9:00 am – 12:00 pm

📍 Room 717

### Trends in resource policies in The Americas: Opportunities and challenges

**CHAIRS:** Terence Ortslan, TSO & Associates, Montreal & Antoine Schwartzmann, Orefinders Resources Inc., Toronto, Canada

- 9:10 am Americas and Latin American exploration trends
- 9:35 am Mining productivity, project opportunities and stakeholder challenges in Latin America
- 10:00 am Winning mining policies for the region
- 10:25 am Resource policies in Latin America and opportunities & challenges for new materials
- 10:50 am Social license: The role of public policy and the future implications for transition metals
- 11:15 am The mine environment in Brasil: Changes in rules and regulations

2:00 pm – 4:30 pm

📍 Room 714

### Back to North America: New opportunities

**CHAIRS:** John Morganti, Lucca Advisors Inc., Vancouver & Ted Reeve, Haliburton Mineral Services Inc., Toronto, Canada

- 2:00 pm Renewed exploration and development interest in North America: The numbers
- 2:25 pm Carlin style deposits in Nevada: Exploration activity and targeting criteria
- 2:50 pm Greenstone belt architecture in the Abitibi and Wabigoon subprovinces: Controls on metal endowment
- 3:15 pm Porphyry copper-gold deposits in the Northern Cordillera: New insights for exploration
- 3:40 pm Pursuit of Red Chris British Columbia
- 4:05 pm Centerra's strategic purchase

📍 Room 715

### Metallurgy and processing revenue components of geometallurgy

**CHAIRS:** Valerie Wilson, RPA & Shuda Zhou, Orix Geoscience Inc., Toronto, Canada

- 2:00 pm Practical geometallurgy for investors
- 2:25 pm Improving geomet understanding in a mature operating paradigm
- 2:50 pm The importance of considering capital and operating costs when conducting metallurgical tests
- 3:15 pm Optimization of ore to metal value chain via geometallurgical modeling
- 3:40 pm Geometallurgy as a platform for technical de-risking

📍 Room 716

### The business of diamonds: From rock to ring

**CHAIRS:** Patricia Sheahan, Consultant, Toronto & Jennifer Pell, Consultant, Vancouver, Canada

- 2:00 pm Financing of diamond projects: Where are the best opportunities for juniors?
- 2:25 pm Innovation in the diamond industry
- 2:50 pm The 'Midas Touch' for carbon: Turning tax dollars into diamonds with big data
- 3:15 pm Rough production and supply & demand
- 3:40 pm Diamonds: The world's fastest growing man-made minerals

📍 Room 717

### Precompetitive data

**CHAIRS:** Robert Hearst, Southern Geoscience Consultants, Toronto & Neil Gow, Independent Consultant, Burlington, Canada

- 2:00 pm Australia united: Making the world's best pre-competitive data even better
- 2:25 pm Driving discovery in Australia's top end through world-leading pre-competitive data
- 2:50 pm Prospectivity models in support of Canadian mineral exploration
- 3:15 pm TELLUS: An Irish solution to a global resource problem
- 3:40 pm Digital mineral exploration: Public geodata of Finland used for mineral prospectivity mapping
- 4:05 pm The role of Swedish survey data in exploration success stories

# PROGRAMMING

## Technical Program *All Access Pass required*

*For speakers' names and additional program details, please visit [www.pdac.ca/convention/programming](http://www.pdac.ca/convention/programming)*

### TUESDAY, MARCH 3

**9:00 am – 11:30 am**

📍 Room 713

#### Technology metals 2020: Recent trends and opportunities

**CHAIRS:** Don Bubar, Avalon Advanced Materials Inc. & Don Hains, Hains Engineering Company Ltd., Toronto, Canada

- 9:10 am Supply chains and battery minerals
- 9:35 am Developments in cathode materials for Li-ion batteries
- 10:00 am Manganese: The forgotten battery metal
- 10:25 am From mining to technology: The Zen Graphene journey
- 10:50 am Rare earths and technology for the EV revolution

📍 Room 716

#### Gold deposits of West Africa: Recent discoveries and developments

**CHAIRS:** Reno Pressacco, RPA & Patti Nakai-Lajoie, Teranga Gold Corp., Toronto, Canada

- 9:10 am Gold deposits of West Africa: Various styles of mineralization controls on their location and discovery history
- 9:35 am The Fekola mine Mali: An update on brownfield and regional exploration programs
- 10:00 am The Boto deposit Senegal: A discovery by persistence and not a day at the beach
- 10:25 am The Namdini deposit: The largest significant West African gold discovery in a decade
- 10:50 am Defining a world-class gold deposit in the Sahara Desert at Tasiast gold mine, Mauritania
- 11:15 am The Loulo-Goukoto district and evaluation

**2:00 pm – 4:30 pm**

📍 Room 711

#### Moon and asteroids: The next exploration and mining frontier

**CHAIRS:** Joe Hinzer & Emily Nield, Watts Griffis and McQuat Ltd., Toronto, Canada

- 2:00 pm Overview of space resources
- 2:25 pm Resources on the Moon: Enabling exploration and the new space economy

- 2:50 pm Is there ore on the moon?
- 3:15 pm The first lunar prospecting campaign: iSpace's 2021 mission
- 3:40 pm Canadian minerals and metals plan: Developing a Canadian policy for space resources
- 4:05 pm Proposed lunar reserve and resource reporting standards

📍 Room 713

#### New exploration technologies

**CHAIRS:** Antoine Caté, SRK Consulting (Canada) Inc. & Reno Pressacco, RPA, Toronto, Canada

- 2:00 pm Automated indicator mineral identification: A new paradigm in drift exploration
- 2:25 pm Characterization of ore material using synchrotron technology
- 2:50 pm Disrupting mineral exploration drilling: The RoXplorer® coiled tubing drilling system trial Nevada
- 3:15 pm A case study of core hyperspectral data at the AntaKori project
- 3:40 pm Utilizing stable isotopes to find gold mining camps and locate the deposits within them
- 4:05 pm Not all AI is machine learning: Getting the most from a drilling budget

📍 Room 716

#### Geophysics: New proven advances and applications in exploration geophysics

**CHAIRS:** Robert Hearst, Southern Geoscience Consultants & Brian Bengert, B-Field Geophysics, Toronto, Canada

- 2:00 pm Acquiring rock physical properties with the KORE system
- 2:25 pm Full-tensor magnetic gradiometry: A better way to collect airborne data
- 2:50 pm Tensor and vector magnetic advances: The latest software and hardware and what it means for exploration
- 3:15 pm Optimization of geophysical methodologies to discover magmatic intrusive Ni-Cu-PGE ore bodies in a challenging geological environment
- 3:40 pm Using modern downhole EM to discover high-grade narrow vein lodes in an historical gold field, Bellevue gold project, Western Australia
- 4:05 pm Maximizing the value of 2D hard rock seismic acquisition at Escondida porphyry copper mine

## WEDNESDAY, MARCH 4

9:00 am – 11:30 am

📍 Room 711

### Metallurgical coal and iron ore

**CHAIRS:** Jean des Rivières, BHP, Santiago, Chile & Jerry Gauntt, Golder Associates, Lakewood, USA

- 9:10 am Commercially significant characteristics of metallurgical coal and their implications for end use
- 9:35 am Macro economic review of the iron ore market
- 10:00 am Technical collaboration supporting value generation and risk reduction at Teck coal
- 10:25 am The role of technology for resources: Optimisation extraction and stewardship
- 10:50 am Developments in tailing governance

📍 Room 714

### Managing and exploring big data through artificial intelligence and machine learning

**CHAIRS:** Eric Grunsky, University of Waterloo, Waterloo & Natalie Caciagli, Barrick Gold Corporation, Toronto, Canada

- 9:10 am The role of semantics in big data and AI in the minerals industry
- 9:35 am Core logging using deep learning
- 10:00 am Machine learning to support geological modeling
- 10:25 am Machine learning and deep learning in predictive geometallurgical modeling
- 10:50 am The uses and limitations of AI/ML applied to spectral geology
- 11:15 am Statistical machine learning for target generation in mineral discovery

📍 Room 715

### Supply and services market potential

**CHAIRS:** Mark Ferguson, S&P Global Market Intelligence, Halifax & Spencer Ramshaw, RSR Freelance, Guelph, Canada

- 9:10 am The relationship between exploration, new mines and equipment sales: Exploration lead times
- 9:35 am Relationship between exploration, new mines and equipment sales: A 5-year outlook for new surface mines and equipment
- 10:00 am Market forces shaping the mining industry: Lessons from the industry for suppliers and service providers
- 10:25 am Global trends in renewables energy storage and their interactive effects with mining electrification
- 10:50 am Preparing for the upturn in exploration drilling: Lessons from the downturn

📍 Room 717

### New discoveries and developments

**CHAIRS:** Charles Beaudry, Orefinders Resources Inc. & Bill Mercer, Avalon Advanced Materials Inc., Toronto, Canada

- 9:10 am Fenelon gold: Discovery and development along the Sunday Lake deformation zone Northern Abitibi's emerging gold belt
- 9:35 am Madaouela uranium project: Delivering a world class project
- 10:00 am Touquoy gold mine, Nova Scotia, Canada
- 10:25 am Curipamba: A new VMS district in Ecuador
- 10:50 am The Onto Cu-Au discovery, eastern Sumbawa Indonesia: A large world-class Late Pleistocene lithocap-hosted covellite-pyrite deposit

# BUILDING MINERAL LITERACY

Educating young people to develop knowledge and awareness of Earth science, the minerals industry and their roles in society, Mining Matters creates STEM\* opportunities that inspire students to use and gain knowledge in exciting ways.

Photo Credit: billbradenphoto Courtesy of TerraX Minerals Inc.

**YOUR DONATION** secures our future.

**YOUR GENEROSITY** brings the wonder of Canada's geology and the importance of mineral resources to students and Indigenous communities.

**YOUR SUPPORT** ignites curiosity in youth about career opportunities and technological advances that make Canada a world leader in the industry.

Thank you for your support.  
Our reach is growing. Our work is ongoing.

**Mining Matters to Everyone!**

\*Science, Technology, Engineering and Mathematics

1102 - 150 Ferrand Drive, Toronto, ON M3C 3E5 T: 416-863-6463 [MiningMatters.ca](http://MiningMatters.ca) [Donate@MiningMatters.ca](mailto:Donate@MiningMatters.ca)

## Join us for the 14<sup>TH</sup> Annual DIAMOND IN THE ROUGH GOLF CLASSIC

# NETWORKING EVENTS

Pass or ticket required. Open to all pass types (unless otherwise noted)

**Don't miss out on these valuable networking opportunities!**

Tickets may be purchased, based on availability, at the Ticket Sales counter, Level 600

## MINING MATTERS HOCKEY TOURNAMENT

**SATURDAY, FEBRUARY 29**

**8:00 am – 5:00 pm**

📍 Scotiabank Pond, Downsview Park, Toronto

Presented by

The Mining Matters Hockey Tournament is an important annual fundraising event. It combines intensity and fun, and brings members of the minerals industry together in support of Mining Matters goal to educate students, teachers and the public about Earth science and the importance of mineral resources.

Teams consisting of members from the mineral exploration and mining industries compete to see their name engraved on the coveted Caracle Cup! The day also features a \$10,000 Shoot for Loot challenge and fabulous raffle prizes.

Mining Matters wishes to recognize the following industry partners generously sponsoring the Mining Matters Hockey Tournament:

- Alamos Gold Inc.
- CIM Toronto Branch
- Gatling Exploration Inc.
- Grant Thornton LLP
- KPMG
- McNeill Design Arts
- Minke Design
- New Gold Inc.
- Osisko Mining
- Partners Indemnity Industry Brokers Ltd.
- Pilot Law LLP
- Printbrain Inc.
- PwC
- Sprott Mining Inc.
- St. Patrick's Parade Society of Toronto
- Totten Insurance Group Inc.

Mining Matters thanks Caracle Creek, founding sponsor and sponsor of the Cup, for their vision and strong support since 2007.

**For further information, please contact Sarah Hahn, Tournament Coordinator, at 416 863 6463 ext. 321 or [tournaments@miningmatters.ca](mailto:tournaments@miningmatters.ca)**

## OPENING CEREMONIES

*Open to all pass types*

**SUNDAY, MARCH 1**

**10:30 am – 11:30 am**

📍 South Building, Level 701

Join Felix Lee, PDAC President; Ed Sackaney, Knowledge and Wisdom Keeper, and other special guests as we mark the official opening of the PDAC 2020 Convention.

## PDAC NEW MEMBERS NETWORKING RECEPTION *By invitation only*

**SUNDAY, MARCH 1**

**3:00 pm – 5:00 pm**

📍 South Building, Level 717

Presented by

PDAC is delighted to host an event exclusively for new members! Over 1,500 industry professionals are invited to network with PDAC Directors and fellow members from around the world. This is an opportunity to meet with your peers, make valuable connections and discuss key issues central to the mineral industry.

Confirmed attendees will receive a complimentary drink ticket with their pass. Cash bar available.

**Not a PDAC member?**  
**Join now at [www.pdac.ca/members/membership](http://www.pdac.ca/members/membership)**

# NETWORKING EVENTS *Pass or ticket required*

## OPENING DAY RECEPTION

*All Access, Exhibits, or Exhibitor Staff Pass required*

**SUNDAY, MARCH 1**

**4:00 pm – 6:00 pm**

📍 North Building, Level 300, Trade Show North

Sponsored by

**RBC CAPITAL MARKETS  
SCOTIABANK**

Come to the largest networking event at the convention! Connect with attendees, peers and exhibitors while you enjoy a free drink and appetizers.

*All Access Pass holders get a drink ticket with their pass. Cash bars available.*

## TRADE SHOW RECEPTION

*All Access, Exhibits, or Exhibitor Staff Pass required*

**MONDAY, MARCH 2**

**3:00 pm – 5:00 pm**

📍 North Building, Level 300, Trade Show North

Sponsored by

Enjoy a free glass of wine or beer as you network with exhibitors and attendees from around the world, including industry professionals, organizations promoting technology, products, services and mining jurisdictions.

*All Access and Exhibits Pass holders get a drink ticket with their pass. Cash bars available.*

## MINERAL OUTLOOK LUNCHEON

*Admission ONLY with ticket*

**MONDAY, MARCH 2**

**12:00 pm – 2:00 pm**

📍 South Building, Level 718

Sponsored by

**SNC • LAVALIN**

### M&A in the mining sector: The return of the mega deal, the reasons why and implications for the future

**Catherine Raw**  
Chief Operating Officer,  
North America  
Barrick Gold Corporation  
Toronto, Canada

2019 saw the return of major M&A activity in the mining industry. Join us as Catherine Raw discusses the recent spate of M&A in the gold mining sector, how it differs from that of the past, what it means for the mining industry as a whole, and the potential implications this has on investment and growth in the future.

Catherine is the executive

responsible for the North America region at Barrick Gold Corporation. She was formerly Chief Financial Officer. Catherine joined the company in May 2015 as Executive Vice-President, Business Performance, and was previously co-manager of BlackRock's flagship mining funds. She holds the chartered financial analyst designation, a Master's degree in Natural Sciences from the University of Cambridge and an MSc in Mineral Project Appraisal from Imperial College, London.

***Ticket: \$89.99 (includes a three-course meal, tax & gratuity)***

## THE NETWORK

All Access, Exhibits, or Exhibitor Staff  
Pass required  
Must provide photo identification for drink ticket  
All ages welcome

### MONDAY, MARCH 2

6:00 pm – 8:00 pm

📍 Fairmont Royal York, Canadian Room

Sponsored by

#### NETWORKING! NETWORKING! NETWORKING!

Are you looking for valuable networking opportunities at PDAC 2020?

**THE NETWORK – PDAC's new reception** – is the answer! This must-attend event will connect you with domestic and international professionals to discuss matters shaping the industry.

Join us for a **FREE** drink and appetizers while you mix and mingle with potential business contacts.

## STUDENT-INDUSTRY NETWORKING LUNCHEON

All Access, Exhibits, or Exhibitor Staff Pass required  
RSVP when you register for the convention

### TUESDAY, MARCH 3

11:30 am – 1:30 pm

📍 North Building, Room 105/106

Sponsored by

This reception-style buffet luncheon provides an opportunity for students, early career and industry professionals to network in a relaxed environment. The winner of the Mary-Claire Ward Geoscience Award and the Joan Bath and Peter Howe Bursary for Advancement in the Mineral Industry will be announced, as well as the selected 2020 Student-Industry Mineral Exploration Workshop (S-IMEW) students.

## MINING FOR DIVERSITY RECEPTION

Open to all pass types

### TUESDAY, MARCH 3

4:00 pm – 6:00 pm

📍 North Building, Room 105/106

This event celebrates diversity and inclusion. The theme for this year—**STRONGER TOGETHER**—invites everyone to celebrate mineral and mining professionals and students who open doors and work hard to build a more inclusive industry.

Join us for the opportunity to network and honour this year's Awards recipients. The WIMC Awards are presented annually to individuals who have been instrumental in enabling the increase of a diverse workforce and an inclusive workplace within the mining industry. These include the Trailblazer Awards, Trailblazer Indigenous Awards, and the Rick Hutson Mentorship Award.

This event is coordinated by Women in Mining Canada in partnership with PDAC, with generous support from various organizations. Special thanks to our sponsors: Agnico Eagle, Sherritt International, BHP, Kinross and Lundin Mining.

For more information, visit [www.wimcanada.org](http://www.wimcanada.org)

## GRAND FINALE

Open to all pass types  
Must provide photo identification  
19+ event

### WEDNESDAY, MARCH 4

8:00 pm – 12:00 am

📍 Fairmont Royal York, Canadian Room

Sponsored by

After four exhilarating days at the world's premier mineral exploration and mining convention, it's time to **PARTY!**

Come and enjoy this **FREE** must-attend event! Dress casual and get your two FREE drink tickets at the door. Grab a bite to eat and dance, dance, dance!

**IMPORTANT: Keep your convention pass when leaving the Metro Toronto Convention Centre. Admission ONLY with your convention pass.**

# NETWORKING EVENTS Pass or ticket required

## AWARDS GALA & AFTER PARTY

Admission **ONLY** with ticket

**TUESDAY, MARCH 3**

**5:30 pm – 11:00 pm**

📍 Fairmont Royal York Hotel  
Awards Presentations & Dinner:  
Canadian Room, Convention Level  
After Party: Ballroom, Convention Level

### Proud Sponsors

Awards Gala

Dinner Wine

Reception & After Party

The PDAC Awards Gala celebrates excellence in the global mineral exploration and mining industry, and is the ideal place to host your clients and network with key players. Enjoy drinks on arrival, followed by a sumptuous three-course gourmet dinner and fine wines.

Then...it's on to the **AFTER PARTY!**

Your opportunity to rub shoulders with Award recipients, C-level executives, financiers, brokers and mining developers. Enjoy two complimentary drink tickets and a great party atmosphere—the perfect backdrop for unlimited networking!

**ALWAYS A SOLD OUT EVENT, seats at the PDAC Awards Gala are strictly limited and won't last long. Reserve an individual seat or book a table for 10!**

It took mining to build the world we have today—and it will take mining to build the world of the future. But mining companies want to do more than just provide the raw materials on which the world depends. Together we have an opportunity to improve the quality of life and build a better world for generations to come. Every piece of Cat equipment is designed to do better and be better. And we're committed to helping every Caterpillar customer better use the products we provide. Because the better we mine, the better the world can be.

# What runs deeper than our mines?

Our long-standing relationships with our communities — today and for generations to come.

Vale makes significant investments in the health, safety and education of our own people as well as those in the communities that support us. We consider people in every business decision we make, to honour the greater good while building a strong, sustainable future for us all.

At Vale, the practice of working together with communities is deeply woven into the core of who we are.

### SESSION A

Sunday March 1 10:00 am – 5:00 pm  
Monday March 2 10:00 am – 5:00 pm

Banyan Gold Corp., **Aurex-McQuesten gold project**, Mayo, Yukon, Canada, 3119A

Barrick Gold Corporation, **Fourmile Goldrush Camp**, Nevada, USA, 3100A

Benchmark Metals Inc., **Lawyers Au-Ag project**, Prince George, British Columbia, Canada, 3115A

BHP, **Oak Dam iron oxide Cu-Au project**, Roxby Downs, South Australia, 3118A

Fireweed Zinc, **Boundary Zone Zn-Pb-Ag project**, Ross River, Yukon Territory, Canada, 3107A

Forum Energy Metals, **Janice Lake Cu-Ag project**, La Ronge, Saskatchewan, Canada, 3102A

Frontier Lithium, **PAK Lithium project**, Red Lake, Ontario, Canada, 3110A

Generation Mining Limited, **Marathon palladium project**, Marathon, Ontario, Canada, 3111A

Imperial Mining Group Ltd., **The Crater Lake scandium-rare earth project**, Schefferville, Québec, Canada, 3103A

Luminex Resources, **Camp zone Condor Au-Ag project**, Zamora, Chinchipe, Ecuador, 3113A

Minaurum Gold Inc., **Alamos silver project**, Alamos, Sonora, Mexico, 3106A

Québec Precious Metals Corporation, **Sakami gold project**, Wemindji, Québec, Canada, 3117A

Radisson Mining Resources Inc., **O'Brien gold project**, Rouyn-Noranda (Cadillac), Québec, Canada, 3105A

Regulus Resources Inc., **AntaKori Cu-Au-Ag project**, Cajamarca, Perú, 3114A

Rockhaven Resources, **Klaza Au-Ag project**, Carmacks, Yukon, Canada, 3109A

Sudbury Integrated Nickel Operations, **Norman West Cu-Ni-PGE project**, Sudbury, Ontario, Canada, 3104A

UEX Corporation, **West Bear Co-Ni deposit**, Wollaston Lake, Saskatchewan, Canada, 3112A

Valoriza Minería, **Alconchel Cu-Au project**, Badajoz, Spain, 3116A

Warrior Gold Inc., **Goodfish Kirana gold property**, Kirkland Lake, Ontario, Canada, 3108A

Westhaven Ventures, **Shovelnose gold discovery**, Merritt, British Columbia, Canada, 3101A

### SESSION B

Tuesday March 3 10:00 am – 5:00 pm  
Wednesday March 4 9:00 am – 12:00 pm

Amex Exploration, **Perron gold project**, Normetal, Québec, Canada, 3103B

Anaconda Mining Inc., **Goldboro gold project**, Goldboro, Nova Scotia, Canada, 3108B

Azucar Minerals Ltd., **El Cobre Au-Cu porphyry project**, Veracruz, Mexico, 3118B

Balmoral Resources Ltd., **Grasset ultramafic complex Ni, Cu, Co, PGE property**, Matagami, Québec, Canada, 3112B

BeMetals Corp., **South Mountain Zn, Ag, Au, Cu project**, Boise, Idaho, USA, 3104B

Bonterra Resources Inc., **Moroy gold project**, Desmaraisville, Québec, Canada, 3114B

Chakana Copper Corporation, **Soledad Cu-Au-Ag project**, Aija, Aija Province, Peru, 3109B

Defense Metals Corp., **Wicheeda rare-earth element project**, Prince George, British Columbia, Canada, 3101B

Dore Copper, **Corner Bay copper deposit**, Chibougamau, Québec, Canada, 3105B

G2 Goldfields Inc., **Oko gold project**, Bartica, Cuyuni, Guyana, 3100B

Great Bear Resources, **Dixie gold project**, Red Lake, Ontario, Canada, 3107B

GT Gold, **Tatogga project**, Golden Triangle, British Columbia, Canada, 3102B

Kirkland Lake Gold, **Macassa gold project**, Kirkland Lake, Ontario, Canada, 3117B

Liberty Gold Corp., **Black Pine gold project**, Cassia County, Idaho, USA, 3106B

MacDonald Mines Exploration, **SPJ Au, Co, Cu, Ni property**, Sudbury, Ontario, Canada, 3116B

Newrange Gold Corp., **Pamlico gold project**, Hawthorne, Nevada, USA, 3119B

Nighthawk Gold, **Colomac gold project**, Yellowknife, Northwest Territories, Canada, 3111B

Serengeti Resources Inc., **Kwanika Cu-Au project**, Fort St. James, British Columbia, Canada, 3115B

Triumph Gold Corp., **Freegold Mountain Au,Ag,Cu,Mo project**, Carmacks, Yukon Territory, Canada, 3110B

Turmalina Metals, **San Francisco Au-Cu project**, Calingasta, San Juan, Argentina, 3113B

# Discover the better precious metals investment.

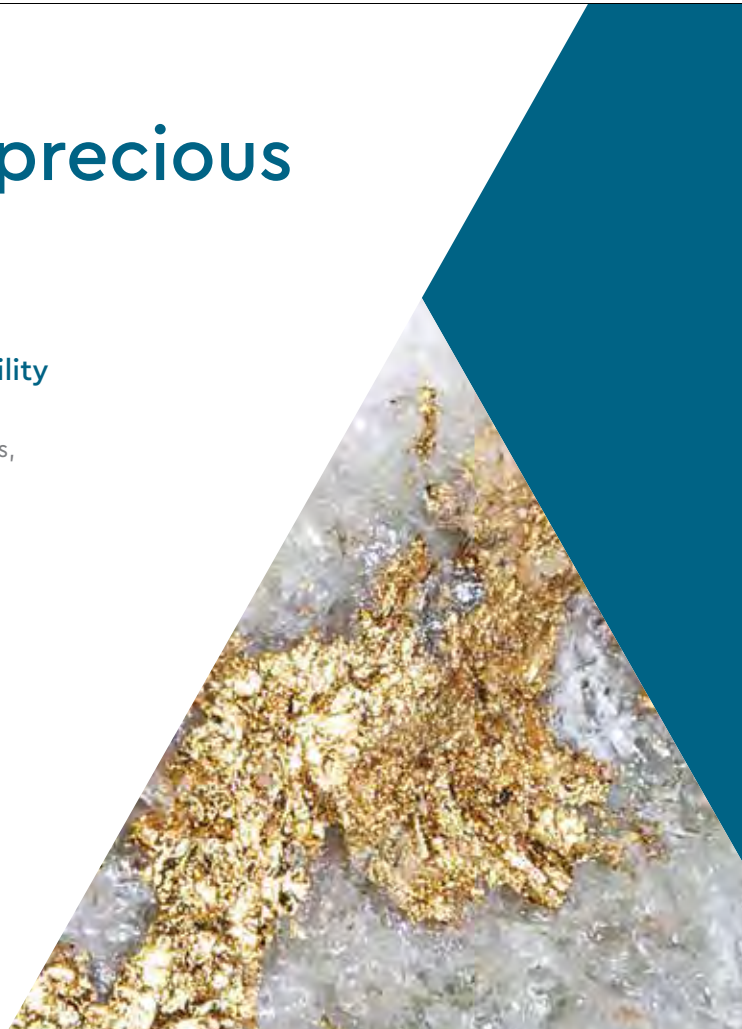

**Higher margins • Lower risk • Greater sustainability**

With strong cash flows and leverage to precious metals prices, Wheaton has consistently outperformed gold and silver, precious metals ETFs and other mining investments while providing a competitive dividend. We offer investors capital and operating cost predictability with significant upside potential.

**Visit us at Booth #2311 to learn more.**

# EXHIBITOR SPOTLIGHT

Not sure where to begin on the exhibit floor? These must-see interactive and experiential booths are sure to be the highlight of your visit.

## Abitibi Geophysics

📍 Trade Show, Booth 1329

[www.ageophysics.com](http://www.ageophysics.com)

We have built a 30+ year reputation internationally with safe, efficient, high-quality geophysical data acquisition, processing and interpretation services to help our clients find a variety of mineral resources to expand their exploration programs. Come check out our fun side with our LEGO survey in action!

## Brixton Metals

📍 Investors Exchange, Booth 3228

[www.brixtonmetals.com](http://www.brixtonmetals.com)

In 2019, Brixton Metals drilled a 554m hole of 1.97 g/t AuEq, including 135m of 5 g/t AuEq (1.35 g/t Au, 0.31% Cu and 133 g/t Ag) at its flagship Thorn copper-gold porphyry project in the Golden Triangle of British Columbia. Brixton will have some of the core on display from its blockbuster hole, so come see what some high-grade mineralization looks like.

## Drone Delivery Canada

📍 Trade Show North, Booth 6724N

[www.dronedeliverycanada.com](http://www.dronedeliverycanada.com)

We are an innovative technology firm based in Toronto, Canada with a focus on customizing, deploying and operating commercially viable drone delivery systems within the North American and global markets. We will have a drone on display at the show for visitors to get some up close viewing of our drone and get a better understanding of how our delivery drone system is changing logistics and last mile delivery.

## ELEMISSION Inc.

📍 Trade Show North, Booth 6329N

[www.elemission.ca](http://www.elemission.ca)

ELEMISSION is launching a new disruptive universal laser-based drill core digitization service. Visit our booth and see how our technology seamlessly combines automated mineralogy (texture and deportation) and automated elemental assay (sensitive to traces of Au, Pd, Pt, etc) as a function of drill hole depth at rates up to 4000 meters of core per day.

## Goldspot Discoveries Inc.

📍 Investors Exchange, Booth 2646

[www.goldspot.ca](http://www.goldspot.ca)

GoldSpot Discoveries is using machine learning as a very powerful extension of geological brainpower to unlock deep value in exploration and investment data.

## Kitco Metals (Precious Metals Division)

📍 Trade Show North, Booth 7028N

[www.online.kitco.com](http://www.online.kitco.com)

Come and meet our team of bullion and collectible experts. There, we can answer any questions on buying and selling trends, direct you towards the best investment options for you, give you a hands-on display of precious metal items (which you can buy on the spot!), and tell you how to enter our contest to win a one-of-a-kind precious metal prize!

## Midland Exploration Inc.

📍 Investors Exchange, Booth 2502

[www.midlandexploration.com](http://www.midlandexploration.com)

Midland Exploration is a dynamic and aggressive mineral exploration company focused on gold, base metals, PGE and REE mine discoveries in one of Canada's richest mining provinces, Québec. Midland is one of the most active prospect generators of Québec, stop by our booth and see our new attractive projects.

## New Pacific Metals Corp.

📍 Investors Exchange, Booth 3239

[www.newpacificmetals.com](http://www.newpacificmetals.com)

Visit our booth where our flagship project, Silver Sand will be on display. This project is located in a historically silver rich area of Cerro Rico in Bolivia, and from examining the results from our two 55,000m drill programs (one in 2018, and halfway through 2019's program), and preliminary metallurgy tests, it is clear that Silver Sand has the potential to be a world-class silver only mine.

## Royal Canadian Mint

📍 Investors Exchange, Booth 3348

[www.reserves.mint.ca](http://www.reserves.mint.ca)

We will be showcasing an impeccably crafted 10 Kilogram 99.999% pure gold Maple Leaf coin—the second largest gold coin ever issued by the Royal Canadian Mint and largest gold Maple Leaf coin ever produced. It is a prime example of our engineering and refining excellence, of the innovative spirit behind everything we do, and of a world-class artistry that is proudly and quintessentially Canadian.

## Society of Exploration Geophysicists (SEG)

📍 Trade Show North, Booth 7418N

[www.seg.org](http://www.seg.org)

Geoscientists Without Borders® (GWB) provides volunteer teams with funding to collect, process and interpret data needed to help find more accurate, efficient and sustainable solutions to environmental hardships or natural disaster vulnerabilities faced by communities around the world.

---

# FEATURE AREAS

## Arcade

📍 Investors Exchange, Booth 3207

Come unwind with some classic arcade games in the Investors Exchange!

## Mining Engineer Virtual Simulation

📍 Investors Exchange, Booth 2740

Experience drone exploration, mine analysis and handling explosives in this exciting Virtual Reality simulation! CareerLabsVR, in partnership with the Ministry of Labour, Training and Skills Development has developed a VR simulation of what a career as a mining engineer could look like.

## Kirwin Collection

📍 Trade Show North, Booth 7718N

The Royal Ontario Museum's Kirwin Collection is a can't miss attraction on the Trade Show North show floor. The Kirwin Collection was built from hundreds of deposits and localities from around the world. Select samples from the collection will be featured in this booth. It is truly a geological library!

## Social Scene

📍 Trade Show North, Booth 7708N

Share your PDAC experience online with your friends and colleagues. Enjoy the Social Scene where you can take team pictures and selfies with a variety of fun props in front of the PDAC backdrop. Post your pictures on social media with the hashtag #PDAC2020.

**2021 THE WORLD'S PREMIER  
MINERAL EXPLORATION  
& MINING CONVENTION**

**March 7-10**

## STAND OUT FROM THE COMPETITION

**Convention sponsorship provides year round opportunities and on-site activations to connect with your target audience.**

- Showcase your organization to key investors
- Reach over 25,000 attendees from 132 countries
- Diverse pre-convention, on-site and post-convention marketing campaigns
- Increase brand recognition
- Differentiate your company from competitors
- Enhance business relations
- Network with mining executives, government representatives, investors and industry leaders

# PDAC MEMBERSHIP

## JOIN OUR COMMUNITY

BECOME A MEMBER OF THE LEADING MINERAL INDUSTRY ASSOCIATION & HELP STRENGTHEN OUR GLOBAL VOICE!

[www.pdac.ca/members](http://www.pdac.ca/members)  
[info@pdac.ca](mailto:info@pdac.ca)

PDAC is the leading voice of Canada's mineral exploration and development community and our work centres on supporting a globally competitive and responsible mineral sector. We support our 7,500 members through advocacy on issues of concern to Canada's mineral sector including regulatory certainty, sustainability and the environment, responsible access to land, Indigenous affairs, geoscience and innovation, fiscal policy and human resource development.

### ENHANCING COMPETITIVENESS: KEY PRIORITIES FOR CANADA'S MINERAL INDUSTRY

#### ACCESS TO CAPITAL

Strong fiscal policy and incentives support the flow of capital into mineral exploration projects, ultimately supporting Canada's competitiveness in the global mineral industry.

#### ACCESS TO LAND

PDAC provides tools and resources for its members and undertakes research and advocacy to enhance regulatory certainty and improve access to highly prospective land.

#### ACCESS TO SKILLS

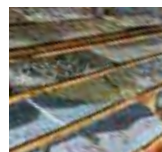

PDAC continues to undertake recruitment and retention initiatives in support of the next generation of leaders through its Student & Early Career Program.

#### CANADIAN INDUSTRY ABROAD

The Canadian mineral industry is increasingly a global one with operations in more than 100 countries.

#### GOVERNMENT RELATIONS

After nearly two decades of steadfast advocacy work by the PDAC on behalf of its members, the Mineral Exploration Tax Credit (METC) was renewed for five years by government in the 2019 Federal Budget.

#### INDIGENOUS AFFAIRS

The mineral industry strongly supports efforts to facilitate the full participation of Indigenous Peoples in the economic opportunities it generates through training, business development, employment and mutually-beneficial partnerships.

#### RESPONSIBLE EXPLORATION

PDAC was the first association in the world to develop detailed guidance for companies on how to explore responsibly – *e3 Plus: A Framework for Responsible Exploration.*

# Innovation is at our Core

At Teck, we're always evolving. It's what drives us, it's who we are. We know technology and innovation are transforming the mining industry, and at Teck, we see a tremendous opportunity to transform our business.

**Learn more at [www.teck.com](http://www.teck.com)**
